Ram Promaster 159" Wheelbase Model
Front Wheel Drive
3.6L gasoline engine

THE TRAIL EDITION

Frustrated with vans breaking down on gravel, snow, or winter roads? Sometimes, gravel roads and poorly surfaced highways are the only way to access a community. You need an accessible van or mobile medical van that stands up to the daily wear and tear of challenging terrain. AVAN Mobility's Trail Edition Upgrade Package gets you the reliability and durability you need, on and off the beaten path.

Trail Edition Equipment

Off Road Extreme Use Suspension Package	• Rear progressive SumoSprings® - durable and soft-riding • Self-adjusting shocks and struts that adjust to road conditions for stability and comfort
Heavy Duty Suspension Lift Kit	• 1.5" lift kit • Maintains factory ride quality • Steel front strut spacers with rear block system
Off Road Wheel & Tire Package	• 245/70/R16 10-Ply wheels and tires
Off Road Underbody Steel Protection Package	• Protects exposed under-hood hardware including engine and transmission • Powder-coated steel for optimum protection
Rear Body Shell Stiffener	• Maintain frame durability on rough road conditions • Installed at rear doors
Front Grille Guard	• Solid shield grille guard kit • 4-point tubular steel frame system for maximum strength and rigidity

The Trail Edition upgrade package is available on the Ram Promaster wheelchair accessible vans and mobile medical vans, including:

- P4 & P5 Wheelchair Vans
- Mobile Clinic Van
- Mobile Response Van
- Mobile Outreach Van
- Mobile Mitigation Van
