## MOBILE RESPONSE - NON-EMS MOBILE MEDICAL VAN

Patent Pending | Not a Certified Ambulance

✓ Custom aluminum cabinetry layouts to best suit your organization's needs

✓ Designated storage spaces for special equipment such as stair chairs, spine boards, oxygen bottles, and more

✓ AutoFloor floor track system gives you full flexibility for stretcher and attendant seating layouts

✓ Clean, bright medical environment provides a comfortable staff and patient experience

**A mobile treatment space and transportation solution for non-urgent medical needs.**

### FORD TRANSIT CHASSIS

Ford Transit 148" Wheelbase Model  
Rear or All Wheel Drive  
3.5L gasoline engine

### RAM PROMASTER CHASSIS

Ram Promaster 136" and 159" Wheelbase Models  
Front Wheel Drive  
3.6L gasoline engine

## MOBILE RESPONSE VAN CABINETRY

- Custom cabinetry layouts that work for your organization's medical service needs
- Painted aluminum finish provides a clean, bright medical environment
- Secure cabinet fronts give you easy access to medical supplies, medication, and equipment
- All surfaces are wipe-clean and easy to disinfect

## STRETCHER AND ATTENDANT SEATING

- Layouts can include stretcher securement and/or attendant seating that secures right into the floor
- AutoFloor floor track system allows you to add and remove seats and change seat layouts on the go
- To move seats, simply lift a lever and wheel to desired location
- Attendant seats are grey wipe-clean transit grade leatherette

Easy access cabinets with durable, transparent slide-to-open fronts

Rear Heat & Air Conditioning controls in rear compartment. Air is directed at the discretion of staff for ultimate comfort. Control panel includes power outlets and lighting controls.

**Contact us to discuss your mobile response van needs.**

You can choose from a variety of standard layouts, or work with us to design a van that's fully customized for your needs.

## MEDICAL EQUIPMENT STORAGE

All medical equipment has a designated storage space to make it easily accessible.  
Additional options like a folding desk space or fridge are available.

*First responder kit bag storage area.*

*Ford Transit Mobile Response Van layout*

*Oxygen bottle securement and spine board storage area.*

*Stretcher securement for major brands including Ferno and Stryker*

*Cab divider available with or without window. Available with passthrough and sliding door options.*

*Serrated anti-slip running boards prevent ice and snow buildup*

## NON-EMERGENCY MOBILE MEDICAL VAN APPLICATIONS

MoveMobility's Mobile Response/Non-Emergency Mobile Medical Van is adaptable across many sectors and use cases, including:

- Indigenous communities
- Housing societies
- Homeless and addictions programs
- Non-EMS/patient transfer services
- Industrial safety providers

Contact us today to discuss your mobile medical van needs.
